

VOLUNTEERS NEEDED FOR CULTURAL FILMMAKING OPPORTUNITY [2011]

EIL [Experiments in International Living] and FILM CITY are running a film-making project in Derby in association with the Joseph Wright Centre / Derby College

A group of 10 [tbc] young people from across the USA are travelling to the UK to make a film about British Youth Culture.

The US group will be in Derby twice, first to learn film-making skills and then again to edit their film.

We are looking for volunteers to meet and exchange ideas with the group, and to create short film[s] with the US group[s] ...

The film[s] will be shown at the JWC, the ones made in Visit 1 during that visit, and the one[s] made in Visit 2 during that visit ...

All activities will be based in and around at the Joseph Wright Centre.

This is a great chance to meet young people from across the U.S.A and also learn more about film-making .. Whether your interested in film-making, music, media or just meeting people, your most welcome ...
